

COVID-19 STATEMENT
March 24, 2020

Dear Valued Frisella Customers,

This is not an easy message to write. As you know, we think of our staff as family members. To keep our family and theirs safe, we have decided to close the Nursery until Friday, April 3rd. We will evaluate the situation on an ongoing basis. Our landscaping division, Frisella Landscape Group will remain open to serve our clients. If you would like to set up a virtual design consultation with our design team, please contact 636.798.2555 x103.

As you know, Spring is our busiest season, so that makes it all the more difficult because we love to share our love of plants with you. Reduced staff will continue to nurture our gardens and greenhouses, for they are living beings, too. When we do return, we'll be ready to bring joy and beauty of springtime and rebirth to our community. Follow us on social media for updates, gardening tips, what's happening around the garden, along with a few surprises.

Thank you for your support and remember to spend time in your garden, with your plants and your loved ones. We all need a little nurturing right now.

"A society grows great when old men plant trees whose shade they know they shall never sit in." – Greek proverb
